

Text Message Reminder to Sign Orders in SCM

To comply with California regulations, beginning on **June 22nd**, physicians will receive a **text message** on their phones if they have unsigned telephone/verbal orders in **SCM**. Text message reminders will be sent out at 9am and 4pm daily for orders nearing the 48-hour signature deadline. Physicians will only get one text message per batch. If you receive another text at 4pm, that is because there are additional orders to sign.

The text message will read:

Dr. xxxx, you have verbal/phone orders in SCM that need to be signed. Please log into SCM and sign them ASAP.
