

Criteria for Conditional Discharge Order

Beginning on February 9th, 2016

If the Physician documents the patient's discharge as conditional (Yes) in the Discharge Patient Order Set, a Criteria for Conditional Discharge task will be automatically created for the nurse to complete on the Worklist Manager.

DISCHARGE PATIENT					
Order	Start Date	Discharge To	Is this a Conditional discharge?	Conditional Reason(s)	
<input checked="" type="checkbox"/> Discharge	02/06/2017	Discharge Home	Yes	Patient is able to safely ambulate; Patient is able to void	

Task Description	
Unscheduled	
* Criteria for Conditional Discharge Conditional Reason(s): Patient is able to tolerate diet; Patient is able to safely ambulate; Patient is able to void	 Worklist Manager

The Criteria for Conditional Discharge order will appear on the Orders Tab reminding the RN to “complete the eMAR task when conditional discharge criteria is met.”

<input type="checkbox"/> DISCHARGE
<input type="checkbox"/> Criteria for Conditional Discharge - Special Instruction: Please complete the eMAR task when conditional criteria is met.
