

AACN ECCO Technical Help, Tips and Reminders

24/7 HELP DESK: 1-800-714-AACN (2226)

Website: <http://aacn.learn.com/lc/330795>

Note:

BROWSER WARNINGS! Internet Explorer 8+ (IE10 and IE11 in Compatibility Mode), and the latest versions of Chrome and Firefox are recommended. Safari 5.1x is supported (with Flash Player installed), otherwise MAC users must use Firefox or Chrome. Please contact the AACN E-Learning 24/7 HelpDesk if you need assistance changing browsers or applying the IR Compatibility mode.

Other Instructions:

Please note: look for **CNE requirement tasks which are EMBEDDED within the course.** This will take you to another location to create an account for issuance of CNEs into your AACN transcript.

ECCO Module Content Overview

#	Module Title	Topics Covered
1	Global Perspectives in the Care of Critically Ill Patients: Part 1	<ul style="list-style-type: none">- Professional Nursing Practice- Frameworks for Practice- Special Populations
2	Global Perspectives in the Care of Critically Ill Patients: Part 2	<ul style="list-style-type: none">- Pain, Agitation, and Delirium- Preventing Complications of Critical Illness- Prioritizing and Organizing Care- Special Situations- Palliative and End-of-Life-Care
3	Caring for Patients with Cardiovascular Disorders: Part 1	<ul style="list-style-type: none">- Assessing the Cardiovascular System- Diagnosing Acute Coronary Syndrome (ACS)- Treating Patients with STEMI, Non-STEMI or UA- Complications- Cardiac Procedures
4	Caring for Patients with Cardiovascular Disorders: Part 2	<ul style="list-style-type: none">- Cardiovascular Disorders- Vascular Disorders- Pacemakers and ICDs- Electrophysiology
5	Caring for Patients with Cardiovascular Disorders: Part 3	<ul style="list-style-type: none">- Cardiomyopathies- Heart Failures- Valvular Heart Disease
6	Caring for Patients with Cardiovascular Disorders: Part 4	<ul style="list-style-type: none">- Types and indications for Cardiac Surgery- Postoperative Management of Patients Undergoing Cardiovascular Surgical Procedures- Transcatheter Aortic Valve Replacement (TAVR)

7	Caring for Patients with Pulmonary Disorders: Part 1	<ul style="list-style-type: none"> - Assessment, Diagnostics, and Monitoring - Arterial Blood Gas (ABG) Analysis and Managing Oxygenation - Pulmonary Disorders - Respiratory Failure and Acute Respiratory Distress Syndrome (ARDS) - Pleural Space Abnormalities and Therapeutic Interventions - Thoracic Surgical Procedures
8	Caring for Patients with Pulmonary Disorders: Part 2	<ul style="list-style-type: none"> - Invasive Ventilation - Managing the Ventilated Patient
9	Hemodynamic Monitoring of Critically Ill Patients: Part 1	<ul style="list-style-type: none"> - Basics of Hemodynamic Monitoring Systems - Arterial Pressure Monitoring - Central Venous Catheters
10	Hemodynamic Monitoring of Critically Ill Patients: Part 2	<ul style="list-style-type: none"> - Pulmonary Artery (PA) Catheters (ICU only) - Cardiac Output Monitoring - Oxygen and Transport - Pharmacological Management of Hemodynamics
11	Caring for Patients with Neurologic Disorders: Part 1	<ul style="list-style-type: none"> - Special Neurological Assessment Techniques - Intracranial Pressure and Brain Herniation - Diagnostic Testing - Neurologic Monitoring (content both ICU/PCU but PCU not tested on waveform interpretation)
12	Hemodynamic Monitoring of Critically Ill Patients: Part 2	<ul style="list-style-type: none"> - Ischemic Stroke - Hemorrhagic Stroke - Traumatic Brain and Spinal cord Injuries - Other Pathological Conditions
13	Caring for Patients with Gastrointestinal Disorders	<ul style="list-style-type: none"> - Diagnostic Testing - Acute GI Bleeding - Liver Failure - Acute Pancreatitis - Intra-Abdominal Hypertension (IAH) (ICU only) - Other Pathologies - Nutritional Support for Critically Ill Patients
14	Caring for Patients with Renal Disorders: Part 1	<ul style="list-style-type: none"> - Assessment - Fluid and Electrolyte Disturbances - Acute Kidney Injury (AKI) - Chronic Kidney Disease
15	Caring for Patients with Renal Disorders: Part 2	<ul style="list-style-type: none"> - Common Considerations in CRRRT (ICU only) - Types and Complications of CRRT (ICU only)
16	Caring for Patients with Endocrine Disorders	<ul style="list-style-type: none"> - Endocrine System Assessment - Diabetes and Complications - Pituitary Disorders and CSW - Thyroid and Parathyroid Disorders - Adrenal Disorders - Managing Hyperglycemia in Critical Illness

17	Caring for Patients with Hematologic Disorders	<ul style="list-style-type: none">- Diagnostic Testing- Thrombocytopenia- Pathologic Conditions: Procedures/Treatments- Transfusion and Complication
18	Caring for Patients with Multisystem Disorders	<ul style="list-style-type: none">- Shock- SIRS, Sepsis and MODS Continuum (MODS is ICU only)- Behavioral- Necrotizing Fasciitis and Rhabdomyolysis
